JouleStick KIT

my  **sundaya**
clean energy for all

The JouleStick Kit is a versatile, extremely portable personal solar kit that can be used as a torch, hanging lamp, table lamp and device charger. All JouleStick Kit electrical contacts are gold-plated to ensure long life. The included Bottle Stand can be inserted into most plastic or glass bottles for a handy table lamp - we recommend filling the bottle with sand or small stones for stability when used as study lamp.

Joulestick KIT contents include the following components (depending on model):

JouleStick30
L-Ion battery

PicoLEC20
Solar Panel

Optional F50
or F200 lamp

Optional
device charger

Optional USB
& micro USB

Universal
Bottle Stand

Runs 60 hours
(F200 Lamp low
setting)& 24 hours
(F50 Lamp)

Fully charges a
basic feature
smartphone or
two low feature
phones

Can be recharged
using either the
PicoLEC20 Solar
Panel or USB port

Splash-proof and
suitable for
outdoor usage
even in the rain
